Matt Katzenberger 216-1841

\*If COVID-19 public health guidelines become more restrictive, sale will be held at Loma Livestock, Loma, CO

# What is the Junior Livestock Auction?

Feeding livestock for market is a business venture for many youth involved in both 4-H and Future Farmers of America (FFA). Producing a marketable animal that meets quality meat grading standards and that returns a profit to the youth is a challenge. Through educational livestock marketing programs, guidance from advisors and leaders, 4-H and FFA members acquire knowledge and understanding of sound livestock production and management practices. Through this sale, these kids offer market animals to you over the auction block. As a buyer, your participation in the sale encourages and recognizes youth for their time, expense, and effort that has gone into raising an animal for market. You may also obtain advertising value that accrues through the purchase of these animals.

## How to Participate?

You can attend the sale: We encourage attendance at the sale! The excitement of the event is an unforgettable experience. There will be auction committeemen on hand to assist you with any needs you may have on the sale day.

Unable to attend this year? You can purchase by proxy- just call one of the Chamber Livestock Marketing Committee members shown on the front page.

## How to Buy?

All animals are sold by the head, with the exception of rabbits and chickens, which are sold as a pen of three. There are several ways to make a purchase at the livestock auction.

- Buy-Back: Buyers who don't want their meat can utilize the "buy-back" service provided at the sale. This process seamlessly sends the animal to the buy-back buyer. You pay the difference between the hammer price at the auction block and the buy-back amount. For example, if you purchase a lamb for \$450 and the buy-back price is \$50, the total you would owe for that lamb would be \$400.
- Split Buying: Split buying is exactly as it sounds. You split the purchase of an animal with another individual of your choosing. This reduces the cost and the amount of meat for each party. When the purchase is made, just give all names to the ring men, auctioneer at time of purchase.
- Donation: Donating the meat is a great way to support your favorite non-profit organization. The youth still benefit from your purchase and you get the promotion and satisfaction knowing your favorite organization has received a high quality product. You may also donate the processing fees. If you are interested in this method, please let us know and we will help you with the details.

I pledge my HEAD to clearer thinking, my HEART to greater loyalty, my HANDS to larger service, and my HEALTH to better living, for my club, my community, my country, and my world.

4-H Pledge Adopted in 1927

## Buying Continued...

- Add-On: When you chose the add-on method of participation, you are choosing to add-on a specific dollar amount to the sale of an animal. This is for buyers who many not have the money to buy an animal, but still want to help the youth. For instance, you know a specific 4-H or FFA member that will be selling her pig through the auction and you would like to add an extra \$250 to the final sale price for her animal. You can do this by visiting the sale desk PRIOR to or DURING the sale. If you will not be at the sale, but would still like to make an add-on donation, please contact a member of the livestock marketing committee. All add-ons must be made by filling out the Add-on Sheet at the sale In order to respect the time of each person attending the sale, only the buyer's name will be announced during the actual sale.

**All transactions must be paid for at the time of purchase unless prior arrangements have been made.**

**Make checks payable to:  
Grand Junction Area Chamber of  
Commerce**

360 Grand Avenue  
Grand Junction. CO 81501**

## How much will I pay and how much meat can I expect to get from my purchase?

We have compiled a short list of information to help you make informed buying decisions:

- Beef: Avg. Sale Price \$3000-\$4000, you can expect to get approx. 450 lbs of packaged meat from a 1200 lb steer. Avg cost for processing beef is \$.63/lb, usually \$450-\$500 total cost.
- Hog: Avg. Sale Price \$1,400, you can expect to get approx. 130 lbs of packaged meat from a 260 lb hog. Avg cost for processing a hog is \$.63/lb, usually \$140-\$160 total cost.
- Lamb: Avg. Sale Price \$900, you can expect to get approx. 55 lbs of packaged meat for a 140 lb lamb. Avg. processing cost per lamb is \$50/head.
- Goats: Avg. Sale Price \$300-\$700, you can expect to get approx. 33 lbs or packaged meat from an 80 lb goat. Avg. processing cost per goat is \$50/head.

There are several local processing plants that can handle the processing of any animal that you purchase.

I believe in the future of agriculture, with a faith born not of words but of deeds - achievements won by the present and past generations of agriculturalists; in the promise of better days through better ways, even as the better things we now enjoy have come to us from the struggles of former years.

The FFA Creed Written by E.M. Tiffany
